Maintenance Director Report:

2) Discussion regarding parking lot sweeping for the properties. P. Goguen explained due to the inability to have the contractor used in the past - the H.A. approached the city highway department if they would use the street sweeper. This was approved as long as done prior to regular work hours and the Authority would pay the labor at over time rate. This worked out very well and all properties have been cleaned. A big thank you to the highway department!
