Today's Date: _____

Property Owner's Name: _____

Property Address: _____

Phone Number: _____

(Circle One) Single Family Condo Townhouse Two Family

(Circle One) Sale Refinance Addition Renovation Other

Comments: _____

Please Note: A failed inspection will require repayment of the full inspection fee.

RETURN THE TOP PORTION of this form (*keep bottom portion for scheduling instructions*) with check (payable to City of Gardner) to: Gardner Fire Dept., 70 City Hall Avenue, Gardner, MA 01440.

The fee for inspection is \$25.00 for **single** family house, condo or townhouse. The fee for inspection of **two family** dwelling is \$50.00. Please note this completed form and the correct fee must be in our office for **at least two business days before** an inspection will be scheduled.

To schedule an inspection: ON THE DAY YOU WOULD LIKE THE INSPECTION DONE call 978-630-4051 between 8:00 a.m. and 8:30 a.m. Ask to speak with the Fire Prevention Officer. The Lt. will schedule an inspection for that day if it is possible.

Please be advised that due to reduction in manpower, our ability to conduct smoke detector inspections on a timely manner is going to be greatly compromised. There are going to be times when appointments have been made, but because of emergency calls, those appointments are going to be missed. If an appointment is missed, "due to an emergency", please call back and a new appointment will be made for you.

Our advice to you, "the homeowner or realtor" is not to wait until a week before the closing to have your smoke detectors inspected. The certificate is valid for 60 days. So file your application and get your certificate as soon as possible.

We apologize for any inconvenience that this may cause you, but due to budget cuts within the department we are forced to make some adjustments in the way we conduct our daily operations within the Fire Department.
