RE: Bailey Brook Project

Dear Council Members:

With this correspondence I am submitting an Order appropriating \$175,000 from Free Cash to *PARC Bailey Brook Capital Project*. This amount represents the City's 30% share of the project cost covering design and Phase I construction.

I've attached documentation about the project. As you all know this has been in development for a lengthy period. To be eligible for reimbursement from the grant, payment for the design phase of the project needs to be made June 1, 2020, I consequently believe there is an urgency for the appropriation of these funds at this time.

Please contact me if you have any questions.

Bailey Brook Park & Recreation Area, Gardner – FY2020 PARC Grant Application
Project Narrative

Project Overview

The City of Gardner recently acquired the 37-acre Bailey Brook Park & Open Space Recreation Area through a FY 2018 PARC grant and an adjacent 84-acre Conservation Area, Bailey Brook Conservation Area, funded by the LAND grant program (Acquisition Phase – Completed June 2018).

The City is now submitting an FY 2020 PARC grant to design and develop an open space, multipurpose park and conduct site work associated with site access driveways, parking, construction of an ADA accessible trail, and 1-mile, healthy-heart, wellness walking loop trail with a scenic overlook and sitting & resting area, at the Bailey Brook Park located off of Leo Drive. Both trails will include interpretive nature learning signage and other experiential, nature-based learning components. The accessible, ADA compliant trail will also include tactile, sensory, playground equipment elements for nature-based play and learning for children with social-emotional learning and development disabilities.

The initial design and development project proposed here (Development Phase I) will allow the City of Gardner to create an engineered, landscape and construction design plan for a low-impact design, multi-use, open space park and playground and will include the necessary site work to provide access to the park (e.g., grading and gravel base material surface of an access driveway and parking area), design and facilitate the initial and future development, and create basic amenities like a 1-mile walking path, improved access to Bailey Brook, an accessible loop trail, and nature-based learning and exploration features (e.g., plant and tree id placards, natural timber and stone play features, and interactive, tactile, nature-based learning features). The design will incorporate input from City officials and the public, including members of Gardner’s Environmental Justice population and will include focus on the construction of athletic fields, a playground and nature exploration & learning area, and restrooms (See Map: Conceptual Plan). The design will also include low-impact-design, natural stormwater improvements in the form of infiltration trenches, bioswales, and raingardens. In addition to the design and site work that this initial phase will provide, the current proposal (Development Phase I) will also allow for immediate passive accessory uses such as mountain biking, walking, hiking, fishing, snowshoeing and cross-country skiing and will also facilitate a proposed free, public disc golf course to be constructed by a group of committed group of volunteers with donations and funding from a regional disc golf association and local partners.

A secondary development phase (Development Phase II) will be included in the design plan and future funding will be sought from private, state, local, and Federal sources. The full design will incorporate plans for the development of a playground, athletic fields, LID drainage (e.g., swales, infiltration trenches, raingardens), accessible bathrooms, and related utilities and services.

The proposed park elements will occupy the upland area of the property, on the east side of Bailey Brook, outside of critical habitat and protected resource areas. The Park will be developed on an area of the property, within which a timber harvest was recently completed (See Map: Conceptual Plan, shaded area). Since the land has been recently harvested and the proposed Park area has been cleared to the greatest extent, minimal tree removal will be required and will be avoided wherever possible to maintain a forested open space park. However, a considerable amount of grading, stumping and grubbing will be necessary within the previously cut area given the undeveloped history of the property and recent logging activity and associated slash and stump debris. The recent timber harvest left a buffer of forested land adjacent to existing homes on Leo Drive, which we plan to maintain and which could be augmented by the planting of additional trees and shrubbery in targeted locations to be identified in the design plan. Similarly, forested areas within the park, but outside of the proposed development area, will be left to remain as forested and will serve as an Open Space area to include a 1-mile loop trail, scenic vistas of Bailey Brook, and a natural buffer between the park and the adjacent Conservation Area and Bailey Brook. The Park will be accessed from three locations with road frontages to Leo Drive. A singular, central, main entrance is proposed on Leo Drive

across from Margaux Way for vehicle access and two additional gated pedestrian and emergency entrances are proposed near the Northern and Southern portions of the park at existing access points with frontage to Leo Drive.

Park Location

The area adjacent to the proposed park has seen significant development and increased population over the last few decades, associated with a large, multi-phased residential subdivision adjacent to Wilder Brook and its' Wetland Resource Areas. As a result a large park in West Gardner was identified as a priority need in the City's most recent Open Space and Recreation Plan. This proposed project, Bailey Brook Park, is located within a half-mile radius of 303 residences, 236 of which are considered to be within safe walking distance (**See Map: Population Served**), and would allow the City to achieve the goal of a multipurpose park in West Gardner as identified in our Open Space and Recreation Plan. To further demonstrate the suitability and community need of this proposed park we have provided an additional map displaying the site location and the distance to the nearest park and Environmental Justice Area (**See USGS Map: Proximity Map and FHWA Title VI Map**).

Community Needs, OSRP Goals, and Project Benefits

The City of Gardner is a diverse, low-income, community that acts as a regional hub and includes a developed downtown commercial and residential district in addition to many developed and densely populated neighborhoods. The majority of the City's area includes designated Title VI Populations including, Elderly, Foreign Born, and Language designated populations. Bailey Brook Park is located directly within a Title VI Designated Elderly Population Area and will serve this population and all other Title VI designated populations throughout the community and within close proximity to this proposed multipurpose park.

Development of a park at this location is consistent with the goals and needs analysis of our Open Space and Recreation Plan, specifically: Goal One, Objectives 2, 3, and 5; Goal Two, Objectives 3, 4, and 5; Goal Three, Objective 4; and Goal Five, Objectives 1, 3, 4, 5, and 6. Further, the 7-Year Action Plan of our OSRP identified the specific goals of "Identifying and Acquiring Land in West Gardner Suitable for a Municipal Park and Playground" (OSRP, Sec. 8-8, p. 50), and "development of a Multi-purpose Municipal Park with Playground Equipment and Athletic Fields in West Gardner" (OSRP, Sec. 8-8, p. 51). Accomplishment of the acquisition portion of this goal was targeted for the first two years of our OSRP and was achieved within that time-frame with the identification and acquisition of the Omealia and RHO land under an FY-18 PARC grant. Achieving the second portion of this goal, *development of a multi-purpose park in West Gardner*, was targeted for years 3-5 and is the subject of this application. The project is also consistent with several of the needs identified in the Statewide Conservation and Outdoor Recreation Plan (SCORP) and current draft plan, including serving underserved populations (e.g., Title VI, Elderly Population and EJ Area), increasing the availability of water-based recreation (e.g., access to Bailey Brook for canoeing, kayaking, and fishing), connecting and enhancing accessibility of trails (e.g., 1-mile park loop trail, and connections and access to existing trails on adjacent conservation land), and creating and improving access to parks and recreational opportunities close to home and within neighborhoods (e.g., creation of a multipurpose park within one of the largest residential neighborhoods in town where no such park or safe access to any nearby parks exists). In addition, the proposed Bailey Brook Park addresses all of the needs and values identified by the designated categories of the PARC grant program rating system as listed and described below:

Disadvantaged Populations and Accessible Amenities

The project is located within close proximity to an Environmental Justice (EJ) area and directly within a Designated Title VI Elderly Population Area (**See Maps: USGS Proximity Map and FHWA Title VI Map**). The park will serve the elderly population of the area and community and, as a public multipurpose park, will also serve the broader community, including EJ Areas and their populations. While the project is not located directly within an EJ Area, it is located within a Title VI Designated Population (Elderly) area and will directly serve the public of the community, including EJ Areas and other Title VI Designated Population Areas (**See Map: FHWA Title VI Map**), by providing future active recreation amenities (public athletic fields) and access to nature and a unique type of park, one that

This proposed park will continue to develop and benefit from cooperative partnerships between the City and recreational user groups and organizations and non-profit Land Trusts (e.g., Mount Grace Land Trust and North County Land Trust). The Conservation Commission and Department of Public Works will build upon and enhance existing land stewardship activities and partnerships. Successful examples of these partnerships can be found in other examples of joint land stewardship activities between the Conservation Commission, Department of Public Works, Engineering and Forestry Department, the Cultural Council, Youth Commission, youth sports groups, and local land trust. For example, the Conservation Commission and Department of Public Works have worked closely with the Millers River Watershed Council, Mount Grace Land Trust, and North County Land Trust on trail-related projects such as the Millers River Blue Trail and hiking bridges and signage for along City trails. In the past few years alone Gardner Boyscout Troop 9 has conducted several public service projects within Gardner's Open Space lands and public parks. With specific regard to this proposed project, the Chair City Soccer Club has expressed their support and willingness to provide stewardship, host athletic events, and maintain and upkeep the park's proposed athletic fields in the future.

Community Compact and MVP Program

The City of Gardner was an early adopter of the Community Compact Agreement and was the second community in the Commonwealth to sign a compact with the Governor's Office. While our Community Compact commitment is focused on public safety and transportation improvements, we have dedicated substantial resources and focus, and made substantial investments and recent improvements, in Conservation, Open Space, Recreation, Trails, Forest Stewardship, Recreational Trail Improvements, Parks and Playgrounds, Sustainability, Flood Control, and Climate Change Resiliency. For example, recent efforts under the Mass DOT Complete Streets Program to develop a Complete Streets Prioritization Plan have focused on connectivity of trails (including the North Central Pathway Bike trail) between Conservation, Recreation, and Public Service Areas. Such connections serve to enhance public safety, health & well-being, and a connection to the natural environment through open space recreation.

In 2019, the City of Gardner successfully applied for and was awarded grant funding through the Massachusetts Municipal Vulnerability Preparedness Program to identify and assess our community vulnerabilities (and strengths) related to climate change and to develop a Climate Change Resiliency Plan. We look forward to developing our MVP Plan and continuing our efforts to identify, address, and reduce potential vulnerabilities and increase our preparedness and resiliency to future change. A component of our MVP Planning will assess urban tree canopy in City Parks and will include considerations on how the Bailey Brook Park can incorporate LID and achieve sustainability and resiliency targets and goals. The proposed Bailey Brook Open Space Park is directly in line with those goals and will be a large part of our future community efforts toward addressing climate change and promoting sustainable and wise use of our land and resources by our citizens of all ages, backgrounds, and abilities. The park has the potential to serve as a model of both cultural and natural diversity that can exist in a forested, open space, multipurpose, community and regional park.

Re: City of Gardner and Heywood Memorial Hospital

Dear Committee Members:

I am writing to summarize the conclusions set forth in a detailed letter to the Mayor in September of 2019 regarding the lengthy history of a lease arrangement between the City and Heywood Memorial Hospital (the hospital). At that time, the Mayor wanted to know; 1) if the hospital is occupying City-owned land not covered by the current iteration of the lease and if so, 2) how it may be remedied.

After an extensive review of the many documents recited in that letter, I advised the Mayor that, in my opinion, the hospital is currently occupying land that is not included in the current version of the Lease.

Under the original 1968 lease, the hospital leased two parcels of City owned land; one consisting of (8.02 acres) located on the north side of the hospital and another consisting of 1.40 acres located on the south side of the hospital. A series of amendments to the original lease were negotiated and agreed to by and between the parties over the years.

In 1998, the City sold three (3) parcels of land to the hospital. The land sold included all of the 1.40 acre parcel referenced in the original 1968 Lease and other City owned land. The hospital's recent suggestion that the description of the leased land in the 1998 Amendment reducing its leasehold to 2.16 acres was in error and is not supported by the documents or the record of the 1998 transactions. In fact, the hospital's own Resolution, set forth in its Clerk's Certificate of the vote for the hospital's acquisition of the City owned parcels specifies that, "[i]n consideration of a grant by the City...of title to certain land... the Hospital ... shall release to the City the Hospital's leasehold interest in approximately 5.86 acres of land..." (emphasis supplied). The leasehold interest released to the City was a portion of the 8.02 acre parcel. The 1998 Amendment specifies that the reduced size of the original 8.02 acre parcel would continue to be leased by the hospital and "will thereafter contain 2.16 acres." (emphasis added). The hospital's own records support the conclusion that the acreage released to the City and the acreage that would continue to be leased (5.86 + 2.16) equaled the entirety of the original 8.02 acre parcel. I have been

unable to reconcile the hospital's current view that the City intended to allow it to retain a leasehold in 3.13 acres, or that the hospital did not realize it was retaining only 2.16 acres with these documents.

Regardless, the occupation of City-owned land not governed by the lease may be remedied on terms agreed to by and between the parties. A proposed amendment to remedy the matter between the City and the hospital (the Eight Amendment) is enclosed.

The situation is complicated by the rights of a third party, Massachusetts Electric Company (MEC). This public utility holds an easement over a portion of the land currently being occupied by the hospital and not subject to the lease. The hospital was informed of this easement in 1973 and assented to it (see Book 5396, Page 228 in the Worcester County Registry of Deeds; Plan Book 389, Page 38). The hospital was reportedly reminded by MEC of the easement's location during the planning phase for construction of its new parking facility. Nevertheless, the construction and resulting facility encroaches on MEC's easement.

To avoid more costly remedies, MEC has agreed to relocate its easement, and developed and provided to the City a complete package of documents to reflect this relocation.

The proposed Easement Relocation Agreement with MEC requires the City to pay all of MEC's relocation costs, and it includes an estimate of less than \$2,000.00 for these costs. The proposed Agreement also requires the City to guarantee payment for any and all costs, known or unknown, associated with the relocation. I am in the process of seeking some modifications to this proposed Agreement.

To advance this matter, with your approval, I would like to contact the hospital and identify an individual with whom I may correspond regarding the situation, with an eye towards negotiating a payment or reimbursement agreement with the hospital for any financial obligations the City may have under the final Easement Relocation Agreement with MEC.

If you have any further questions or concerns regarding this matter, please do not hesitate to contact me.

Very truly yours,

C. Deborah Phillips

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged under seal, the parties hereto agree as follows:

SECTION I - RELOCATION AGREEMENT

1.1 Subject to the term and conditions set forth in this Agreement, the City hereby agrees to execute and deliver the Easement Relocation Documents to MEC within thirty (30) days following the execution of this Easement Relocation Agreement. Upon receipt and recordation of the Easement Relocation Documents and payment of the Estimate, MEC shall record the Partial Release in the form attached hereto as Exhibit C and made a part hereof.

SECTION 2 - COSTS AND EXPENSES; PAYMENT

2.1 The City shall be solely responsible for, and hereby agrees to pay the entire cost of, the Easement Relocation including, without limitation, general and administrative costs; the costs to prepare the Easement Relocation Plan; recording fees; and legal fees and expenses as set forth in this Agreement.

2.2 MEC estimates that the total cost of the work done by MEC hereunder is equal to One Thousand Six Hundred and Fifty Dollars (\$1,650.00) (the “Estimate”), and the City hereby acknowledges receipt of this Estimate. The City hereby acknowledges that (a) the Estimate is only a good faith estimate of the total costs that MEC will incur in connection with the Easement Relocation as of the date of the Estimate; (b) that the Estimate may not include all categories of expenses associated with the Easement Relocation; and (c) that the City is responsible for all categories of expenses associated with the Easement Relocation, regardless of whether such categories of expenses are included in the Estimate. Notwithstanding the foregoing, at this time, MEC does not anticipate the total costs to substantially exceed the Estimate.

2.3 Immediately upon the City’s execution and delivery of these presents to MEC, the City shall deliver to MEC the following: (a) a certified check in an amount equal to the Estimate (the “Estimate Payment”). Upon the recording of all of the Easement Relocation Documents and the Partial Release, the City shall pay, on demand, any and all direct and indirect costs and

expenses incurred by MEC in connection with the Easement Relocation to the extent said costs and expenses exceed the Estimate Payment.

SECTION 3 - CONDITIONS TO MEC'S OBLIGATIONS

3.1 MEC's obligations under this Agreement to deliver the Partial Release to the City are expressly contingent upon (a) the prompt payment to MEC by the City of any and all amounts required to be paid hereunder; (b) the execution, delivery, and recording of the New Easement and the Easement Relocation Plan; (c) MEC shall have received from the City, at the City's sole cost and expense, good, clear, record and marketable title to the New Easement, free and clear of all liens and encumbrances having priority over the New Easement; (d) receipt by MEC of releases, consents, and/or subordinations of any sublessees, assignees, mortgagees or any other party whose interest in the Property has priority over MEC's interest in the New Easement (collectively, the "Subordination Documents") generally in the form attached hereto as Exhibit D and made a part hereof, which Subordination Documents shall be obtained by the City at its sole cost and expense and shall be satisfactory to MEC in its sole but reasonable discretion; (e) receipt by MEC of all votes and authority documents ("Authority Documents") evidencing the City's and, with respect to the Subordination Documents, other such entities authority to enter into, and be bound by, all of the agreements referenced or described herein, which Authority Documents shall be obtained at the City's sole cost and expense and shall be satisfactory to MEC in its sole but reasonable discretion; and (f) the City's compliance with all of the other terms and conditions of this Agreement.

SECTION 4 - PARTIAL RELEASE OF EASEMENT RIGHTS

4.1 Until such time as a Partial Release has been executed by MEC and recorded with the Registry, nothing in this Agreement shall be deemed or construed as an abandonment or release of any of the rights and easements of MEC, and MEC specifically reserves said rights and easements, including without limitation the rights to clear and keep cleared the Existing MEC Easement of all vegetation and structures that may interfere with its easement, to pass and repass with vehicles and equipment, to reconstruct, maintain, operate, repair, renew, replace, add to and otherwise change any power lines, structures, guys, anchors or other facilities to meet the needs of its business, to construct towers, poles and lines of higher voltage thereon, and to relocate existing and/or future transmission structures, towers, poles and lines, at MEC's cost and expense.

4.2 MEC shall have no obligation to execute and deliver a Partial Release of Easement for portions of the Existing MEC Easement until the conditions set forth in Section 3 hereof have been satisfied.

SECTION 5 - DEFAULT

5.1 In the event the City shall at any time fail to make any payment due hereunder to MEC or fail to observe or perform any of the other covenants and agreements required to be performed and observed by the City and such default shall continue for a period of thirty (30) days for monetary obligations (for which no notice shall be necessary) or for a period of thirty (30) days after written notice to the City (or if such default is incapable of being cured in a reasonable manner within thirty (30) days, the City has not commenced to cure the same within said thirty (30) day

period and diligently prosecuted the same to completion) and the City shall not cure such default, then subject to the provisions of this Section 5, MEC shall be entitled, at its election, to bring suit for the collection of such payments or other amounts for which the City may be in default, for the performance of any other City covenant or agreement hereunder, including specific performance, and for any damages incurred by MEC, all without terminating this Agreement. MEC shall also be entitled, at its election, to terminate this Agreement. In the event MEC terminates this Agreement, all obligations of MEC shall cease and terminate (except those that expressly survive the termination of this Agreement), except that MEC may sue for and collect all direct and related indirect costs of the Easement Relocation not previously paid by the City and other amounts due as a result of the City's default and all damages to MEC by reason of any such breach.

5.2 In the event that MEC fails to record the Partial Release within thirty (30) days following the recordation of the Easement Relocation Documents, the City shall be entitled to bring suit for specific performance of the recordation of the Partial Release.

SECTION 6-MISCELLANEOUS

6.1 This Agreement shall not be assignable, in whole or in part, by the City to any other person or entity, and any such assignment in violation of this provision shall be null and void.

6.2 This Agreement and any amendment hereof may be executed in several counterparts and by each party on a separate counterpart, each of which when so executed and delivered shall be an original and all of which together shall constitute one instrument. In proving this Agreement it shall not be necessary to produce or account for more than one such counterpart signed by the party against whom enforcement is sought.

6.3 The terms and provisions of this Agreement shall be binding upon and inure to the benefit of the respective legal representatives, successors and/or assigns of the parties hereto.

6.4 All Exhibits referred to herein are intended to be and hereby are specifically made a part of this Agreement.

6.5 This Agreement, including the Exhibits, easements, documents, agreements, certificates and instruments referred to herein, embody the entire agreement and understanding of the parties hereto in respect of the transactions contemplated by this Agreement. There are no restrictions, promises, representations, warranties, covenants or undertakings, other than those expressly set forth or referred to herein or therein. This Agreement supersedes all prior agreements and understandings between the parties with respect to the subject of this Agreement.

6.6 The section headings contained in this Agreement are solely for the purpose of reference, are not part of the agreement of the parties hereto and shall not in any way affect the meaning or interpretation of this Agreement.

6.7 Subject to the terms and conditions of this Agreement, each of the parties hereto will use all reasonable efforts to take, or cause to be taken, all action, and to do, or cause to be done, all things necessary, proper or advisable under applicable laws, rules and regulations to complete and make effective the Easement Relocation pursuant to this Agreement. From time to

time after the date hereof, without further consideration but subject to the terms and conditions of this Agreement, the City will, at its own expense, execute and deliver such documents to MEC as MEC may reasonably request in order more effectively to complete the Easement Relocation. From time to time after the date hereof, without further consideration but subject to the terms and conditions of this Agreement, MEC will, at the City's sole cost and expense, execute and deliver such documents to the City as the City may reasonably request in order more effectively to complete the Project.

6.8 Each of the parties hereto hereby represents and warrants to the other party hereto that (a) such party has the power and authority to execute, deliver and perform its respective obligations under this Agreement, and (b) the person(s) executing and delivering this Agreement on behalf of such party are duly authorized to so execute and deliver this Agreement. The City hereby represents and warrants to MEC that the City is the record owner of the Property.

6.9 the City hereby acknowledges that MEC would not undertake the Easement Relocation but for the following, as set forth in this Agreement: (a) the City's agreement to pay for all of the direct and related indirect costs incurred by MEC in connection with the Easement Relocation; and (b) the City's agreement to obtain the Easement Relocation Documents.

6.10 This Agreement shall automatically terminate, be of no further force and effect and without recourse to either party except for those provisions contained herein that expressly survive the termination of this Agreement upon the earlier of (a) completion of the Easement Relocation; or (b) December 31, 2019. The City understands and agrees that, regardless of whether this Agreement is terminated for any reason, including without limitation the City's default hereunder, the City shall be solely responsible and liable for and hereby agrees to pay the entire cost of the Easement Relocation.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their respective duly authorized representatives, under seal, on the day and year first written above.

Re: Green Street Parking Lot Land Lease

Dear Mr. Brown:

I was retained by the City of Gardner to review certain issues raised in your May 20, 2019, letter to the City Council regarding the "Green Street Parking Lot Land Lease." Your letter concerned, among other things, the number of acres being leased to the hospital by the City, and the related matter of the hospital's encroachment on a utility easement the City granted to Massachusetts Electric Company (MEC) in 1973 on the same property.

I reviewed relevant documents, including all amendments to the hospital's original 1968 Lease with the City, as well as the information provided in your letter concerning whether the land described in a 1998 Amendment leasing 2.12 acres of land to the hospital was an error. I have concluded that it was not a mistake, and I am happy to set forth my reasons in detail. I am also happy to address concerns regarding the easement granted to MEC. Currently, a package of materials provided to the City by MEC to affect a relocation of this easement is under review in my office.

There are several matters that need to be resolved between the City and the hospital before the lease can be amended and MEC's relocation plan endorsed by City officials. Would you please direct me to the person with whom I should be speaking to resolve these issues?

~~Please do not hesitate to contact me with any questions.~~

Very truly yours,
